Toyo Eiwa University was inaugurated as a women’s university in 1989 on the beautiful Yokohama campus outside of Tokyo. As early as 1884, Toyo Eiwa was originally established as an organization primarily for elementary and secondary education for women under the spirit of Christianity, led by Canadian female missionaries. Since then, Toyo Eiwa has developed, eventually to the establishment of the University. Toyo Eiwa is composed of a unique group of various schools. The University is devoted to women’s education based on the Christian spirit and idea. The University offers a wide variety of courses to students.

Yokohama Campus

Toyo Eiwa University is located on the Yokohama Campus, about one hour by train from Central Tokyo. Currently, approximately 2,300 students are enrolled. The beautiful campus is on the top of the small hill surrounded by trees and flowers, which is designated as the natural reserve by Yokohama City. Further, it boasts excellent facilities including a chapel, a big library, a club house, Aqua-Exercise Center (containing a heated swimming pool with an adjacent training room), playing fields, floodlit tennis courts and a golf practice range. The University provides a well-developed environment to students in order to encourage them to fully enjoy campus life.

Programs for International Students (privately funded / non-exchange)

The University has an excellent program to welcome international students, who seek to earn a bachelor degree. Regular enrollment takes place in April each year. Financial support is available to help those students concentrate on academic and campus activities.
